

The 6 Week Piano Challenge

1. Print as many copies of the following pages as needed. I printed each week on a new color so it was easy to tell the challenges apart. Cut on the lines.
2. Hand out each challenge one week at a time. Surprise the students each week with what the new challenge will be. No extensions, if you don't complete it in a week you still move on to the next challenge! Students earn a prize each week that they complete the challenge.
3. Consider giving a larger prize for students who complete all 6 challenges.
